## Khloe Kardashian speaks about FemiLift

Yup, Laser Vaginal Tightening Is a Thing.

It's no secret that having a baby can stretch things out below the belt. And, according to Khloe Kardashian, her sisters have found a nonsurgical way to tighten it back up.

"My sisters, they've had kids, and there's a vagina lasering thing to tighten," she said on a recent episode of *Kocktails With Khloe*. "So in my household, all they do is talk about this vagina laser. It's like their discussion back and forth."
